Confirmation of the payment is made to the student or parent/guardian.

AIS contributes to the Tuition Protection Service (TPS). The purpose of the Fund is to protect the interests of overseas students and intending overseas students of registered providers by ensuring that the students are provided with suitable alternative courses, or have their course money refunded, if the provider cannot provide the courses that the students have paid for. Further information about the TPS is available at: <https://tps.gov.au/>

8. Cancellations and refunds

By forwarding the enrolment application form you are automatically bound by the conditions of AIS's refund policy. An acceptance of an offer of a placement in a course automatically binds students to the terms and conditions as advised.

AIS refund policy

This policy applies to both commencing and re-enrolling students. All requests for a refund must be submitted on a Refund Request Form to the Director of Secondary Education and must be accompanied by official documentary evidence of the grounds for the request. Enrolment fees, homestay placement fees, airport pickup fees and material fees are not refundable, except where it is specifically mentioned. Please read this section carefully.

* This agreement does not remove the right of either party to take further action under Australia's consumer protection laws for unpaid and overdue fees.

The refund policy is subject to review from time to time.

Accommodation charges

The cost of accommodation is NOT included in the tuition fee. However, AIS can arrange accommodation for an additional charge (see Program Fees Schedule). Please note that students who are under eighteen (18) years old at the time of their arrival in Australia will need to be accommodated in Homestay accommodation approved by the AIS.

Academic progress requirements

Enrolment, if granted, is subject to the continuous successful academic progress required of the student. The student needs to perform to at least the standard identified by either AIS or the SACE board to continue to be enrolled in the course(s) offered by the AIS. Student visas issued by DIBP require that students maintain satisfactory academic performance during the entire duration of the course. AIS monitors academic progress closely and takes action to advise and assist students to maintain the required academic standards.

9. Attendance requirements

There are strict attendance requirements for all study at AIS. Student visas issued by DIBP require that the students attend as per course requirements and ***maintain a minimum of 80% attendance at all times***. Failure to meet these requirements will result in notification being made to DIBP. AIS monitors student attendance closely and takes action to advise and assist students to maintain the required attendance levels.

7 Deferment and Extension of Study

Deferment

All requests for deferment must be received in writing. If a student wishes to defer the commencement date of study, AIS will hold the fees paid until commencement. Commencement of

a course, later than the scheduled commencement date, may result in a later completion date and may impact a student's VISA requirements. If the student subsequently withdraws the conditions of the Refund Policy will apply.

Extension of Study

AIS will only extend the duration of the student's study where it is clear that the student will not complete the course within the expected duration, as specified on the student's CoE, as a result of:

- compassionate or compelling circumstances (eg illness, where a medical certificate states that the student was unable to attend classes, or where AIS was unable to offer the subject;
- AIS implementing its intervention strategy for students who were at risk of not meeting satisfactory course progress; or
- an approved deferment or suspension of study has been granted under Standards 13 of the National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students 2007.

10. Leave of absence

All requests for leave of absence must be received in writing. Where a student makes a request for leave of absence within the first four (4) weeks of the commencement of the course their fees will be carried over to the following term without penalty. Where a student subsequently withdraws, the normal refund policy will apply from the date of receipt of the written application for leave of absence. Where a student requests leave of absence in the fifth (5th) or subsequent week of their course all fees for the current term will be forfeited, but a place will be held for the following term. Students are reminded that, as a condition of the Student Visa, Leave of Absence may only be granted for illness or compassionate grounds.

11. Timetable

AIS study is from 8.50 am to 3:20pm Monday to Friday. Students will be issued with a timetable at the time the Confirmation of Enrolment is sent.

12. Assessment

AIS provides the following assessment:

- Diagnostic (to determine level of language acquisition)
- Internal (set by AIS teachers)
- External (set by the SACE Board) External assessment items are usually exams.

Students are required to demonstrate at least a satisfactory level of achievement to be promoted to the next level. Assessment task grades are combined to form the semester and yearly grades.

Without at least satisfactory achievement in SACE compulsory subjects a student cannot achieve the SACE.

Stage 2 subjects which are publicly examined will have exams in Stage 1 and in the Foundation Programme. Students are expected to attend the exam weeks at the end of each semester.

Students have the opportunity to engage in a wide variety of assessment types and modes to demonstrate their learning. Assessment types and modes are outlined in individual subject outlines found at www.sace.sa.edu.au.

AIS assessment procedures for all programs of study are shaped by SACE assessment policy guidelines: Assessment Deadlines, Drafting, Word-count and supervision/verification of student work policies.

13. Students' rights and responsibilities

Students' rights and responsibilities, including withdrawal arrangements, are outlined in the on the AIS website: www.ais.edu.au and in the Student Handbook also available on the AIS website.

AIS also has the right to ensure that individual students do not interfere with the delivery of studies offered by the school or the wellbeing of staff, other students, or visitors to AIS. Students are expected to comply with the relevant rules and regulations of the school that apply to students and where there is a breach, students are subject to the schools discipline procedure.

This agreement, and the availability of complaints and appeals processes, does not remove the right of the student to take action under Australia's consumer protection laws. Students may opt for third party representation at any stage of dispute resolution.

Where the student chooses to access AIS's complaints and appeals processes, AIS will maintain the student's enrolment while the complaints and appeals process is ongoing.

14. Course Requirements

At AIS we set high standards in relation to course requirements as expected by the SACE Board. To successfully complete their study AIS students are expected to meet the following course requirements

7. Complete any homework by the required due date
8. Refrain from copying other student's work or plagiarising
9. Fully reference any source information
10. Present all assessment documentation as specified by the relevant teacher

15. Work Rights

Following commencement of your course of study you are permitted to work for up to a maximum of twenty (20) hours per week with a student visa during term and full time during semester breaks. Many students take advantage of this opportunity and it is a great way to practice and improve their English and meet a broader range of local people. Family members of students are not allowed to work until the student begins their course. They are allowed to work up to twenty (20) hours per week at all times.

Our International Student Coordinator can assist you if you require more information about working whilst on a student visa or you can access more information on the DIBP website at:

<https://www.border.gov.au/Trav/Stud/More/Visa-conditions/visa-conditions-students>

Please note, that severe penalties may apply if the work conditions of the student visa are breached.

Where AIS believes your study is being affected by your employment, as an example, you are constantly tired at school, your grades are not satisfactory or you are unable to concentrate, the International Student Coordinator will liaise with your parents or guardian and request you reduce your hours of employment.

16. Access to student's details

However, the information may be made available to Commonwealth and State agencies and the Fund Manager of the ESOS Assurance Fund, under the AIS's obligation to the ESOS Act and the National Code. AIS also reserves the right, based on documented evidence, to alter a student's course of study where it has been determined that either:

1. the student has not met the prerequisites for their original course of study enrolled

2. that the student is unlikely to be successful in the original course of study enrolled

19. Emergency Medical Assistance or Care
